## WHO WE ARE

# A grassroots foundation from Bajali, Assam.

Jan Briddhi Foundation is a Section 8 not-for-profit company working where help is hardest to reach: brick-kiln camps, flood-hit villages and rural schools. We report what we achieve every year, and never add up student numbers across years.

## 4+ years

Track record since registration in July 2022, and volunteer work before it

## CSR-1

Registered with the Ministry of Corporate Affairs: CSR00040063

## 12AB - 80G

Income-tax registrations; 80G valid till 2027-28

## Schedule VII

Every programme maps to Schedule VII of the Companies Act, 2013

## COMPLIANCE

### REGISTRATION NUMBER

|                    |                                              |

## WHERE WE WORK

### Bajali district

Our home base: Green Plate schools, Puhor kiln centres, coaching and flood response.

### Barpeta district

Floating Libraries at Barpeta, Mandia and Chenga, and flood relief. Barpeta is one of NITI Aayog's Aspirational Districts.

### Across Assam

NearBlood grew from volunteer donors in Guwahati, Nalbari, Barpeta, Pathsala and Bongaigaon.

## MISSION

To empower underprivileged children and communities through education, sustainable living and timely relief, turning potential into opportunity.

## VISION

To become India's most trusted and preferred NGO partner for individuals, companies, government and institutions.

## RESULTS SO FAR

# What we have delivered since 2022.

Our flagship multi-year project (2024–2027) brings healthier, sustainable meals and food education to schools. Each year is reported on its own.

# 22,135

MEALS REPLACED

Green Plate, since 2024

# 10

SCHOOL MOUS

signed since 2024

# 12

FLOATING LIBRARIES

set up since 2023, all running

# 950+

FAMILIES

flood relief, 2022 and 2023

| ACHIEVEMENT                                  | 2024–25 | 2025–26     | TOTAL      |
|----------------------------------------------|---------|-------------|------------|
| Meals replaced with sustainable alternatives | 5,112   | 17,023      | 22,135     |
| Institutional MoUs signed                    | 1       | 9           | 10         |
| Students engaged                             | 5,059   | 5,000+      | Not added* |
| Institutions reached                         | 15      | 9 under MoU |            |
| APP Clubs formed                             |         | 4           | 4          |
| Student sessions                             |         | 17          |            |
| Canteen training sessions                    |         | 9           |            |
| Strategic meetings with administrators       |         | 9           |            |

\*Student numbers are not added across years, because the same students may take part in both.

## PARTNERS AND SUPPORTERS

## PROGRAMMES AT A GLANCE

### Green Plate Initiative

Healthier, sustainable school meals through meal replacement, MoUs and APP Clubs.

### Puhor

Floating Libraries for brick-kiln children, and free JNVST and NMMSE coaching every year.

### NearBlood

A platform connecting blood donation NGOs with people who need blood. NGO onboarding open.

### Disaster Relief

Food, water and hygiene kits when floods hit Bajali and Barpeta.

# Ready for a proposal.

Every project is running today. Budgets are scoped with you and shared with the proposal.

## NUTRITION · SUSTAINABILITY

Multi-year · 2024–2027, ongoing

### Green Plate Initiative

|                |                                                                                                  |
|----------------|--------------------------------------------------------------------------------------------------|
| WHERE          | Schools in Bajali and Barpeta districts, Assam                                                   |
| WHO BENEFITS   | Students in Classes 6–10, teachers and school canteens                                           |

| SCHEDULE VII   | (ii) Promoting education                                                                        |

**Scale-up:** Coaching batches in more blocks of Bajali and Barpeta

4 Quality education

10 Reduced inequalities

## NearBlood

|                |                                                                                    |
|----------------|------------------------------------------------------------------------------------|
| WHERE          | Assam first, then Northeast India                                                  |
| WHO BENEFITS   | Blood donation NGOs, clubs and the patients they serve                             |
| FUNDING COVERS | Onboarding NGOs, training coordinators and opening blood requests region by region |
| TRACK RECORD   | App built; NGO onboarding open. Grew out of our volunteer Free Floating Blood Bank |
| WE REPORT ON   | Partner organisations onboarded, Requests served, Time to respond                  |
| SCHEDULE VII   | (i) Promoting health care                                                          |

**Scale-up:** 50 partner organisations across Assam

**3** Good health

## Flood Response

|                |                                                                              |
|----------------|------------------------------------------------------------------------------|
| WHERE          | Flood-prone villages in Bajali and Barpeta                                   |
| WHO BENEFITS   | Families displaced by floods                                                 |
| FUNDING COVERS | Pre-positioned relief kits, volunteer readiness and rapid distribution       |
| TRACK RECORD   | 950+ families helped: 750+ in June 2022 and 200+ across six villages in 2023 |
| WE REPORT ON   | Families reached, Kits delivered, Days to first distribution                 |
| SCHEDULE VII   | (xii) Disaster management, including relief                                  |

**Scale-up:** A ready stock of kits before every monsoon

**1** No poverty

**11** Sustainable communities

**13** Climate action

### — HOW WE MEASURE IMPACT

01

#### Baseline

We record the starting point with the partner before work begins.

02

#### Field data

Attendance, distribution and session records are kept for every activity.

03

#### Evidence

Dated, geo-tagged photographs accompany every reported activity.

04

#### Quarterly updates

Progress on the agreed activities, shared every quarter.

05

#### Annual impact report

Results for the year, reported on their own and never added across years.

06

#### Utilisation & assessment

Utilisation certificate, and support for independent impact assessment where required.

## — HOW WE WORK WITH COMPANIES

# Five steps, fully documented.

01

### Scoping call

We understand your CSR goals, budget and preferred geography.

02

### Proposal

Targets, budget and a reporting plan.

03

### MoU

A clear agreement on deliverables and timelines.

04

### Implementation

Regular photo and data updates as the work happens.

05

### Reporting

Utilisation certificate and impact report at the end.

## — GOVERNANCE

The foundation is led by its two Directors and co-founders. Every project is documented from MoU to utilisation certificate.

## — AVAILABLE ON REQUEST

- Audited financial statements
- Annual reports
- Registration certificates: CIN, 12AB, 80G, CSR-1, NGO Darpan
- Board resolution for the project
- Policies: child protection, prevention of sexual harassment, financial management, conflict of interest, data privacy

## — START A CONVERSATION

**Let's create lasting impact together.**
